

AFFORD

Product Description

This ink set is designed with state of the art pigments to offer bright, vivid and saturated co-lours offering one of the best colour gamuts available in the market. The ink works perfectly in Machines equipped with Epson® DX4, DX5, DX6 and DX7 printheads and are reliable with minimum head maintenance. The inks print excellent most untreated media, such as vinyl, PVC, glasspack, frontlit, backlit, etc. The inks have been carefully designed to provide fast drying time on the media while having maximum stability on the printhead. They provide vibrant prints with high scuff and scratch resistance and resistance to commonly used chemicals. We offer one of the best pricing in the industry for our customers to maximize their profits achieving at least the same performance and reliability than with the original inks
